Skills :

Languages):

JavaScript, TypeScript, node js,

Technologies & Tools):

ReactJS, Next js, Material-UI, Ant-Design, HTML, CSS, MongoDB, Cypress, Jest, Playwright, Rest-Api, Redux.js, GraphQL

Work Experience :

Upwork Freelancer | AUG 2022 - Present | Front-end Developer.

➔ Collaborated on diverse client projects, delivering visually appealing responsive websites.
➔ Transformed design concepts into flawless, cross-browser web pages.
➔ Optimized the loading times, reducing bounce rates by 30%.
➔ Integrated innovative features and data-driven solutions, connecting to external web tools.
➔ Improved website loading for better user experiences, adding cool features and data magic
➔ Implemented cutting-edge web technologies, achieving a 40% performance improvement.

Skills : Node.js, GraphQL, TypeScript, React.js, JavaScript, Nextjs, Redux.js

Education :

Intermediate - Govt. Postgraduate, College 2019-2021, in Computer Science

➢
➢ Acquired skills at Post College Kamalia for seamless user experiences. Academic achievements enable tackling complex front-end challenges. Developed teamwork, leadership, and work ethic through Badminton.

Bachelor of Computer Science - Virtual University of Pakistan 2023

➢ Activities and societies: Worked on a significant team project in software engineering, applying our classroom learning to real-world situations. Together, we designed, built, and tested a scalable software solution. This experience showcased our collective proficiency in software architecture and best development practices

Project Work :

• **E-commerce Website**): [Link]

➔ Accelerated website performance by 65% through optimized GraphQL implementation, showcasing expertise in performance enhancement.
➔ Applied industry-best practices to maintain optimal application performance
➔ Achieved a 98% client satisfaction rate by successfully delivering a global E-commerce website project
➔ Executed the role of a Front-End Developer, emphasizing dynamic UIs, bug resolution, and impactful landing pages.
➔ Fostered collaboration with cross-functional teams, elevating the overall user experience.

• **React Chat-GPT:**

❖ Engineered an interactive chat app with OpenAI's GPT-3.5 Turbo, showcasing conversational brilliance.

- ❖ Implemented dynamic, context-aware responses for tailored interactions and crafted a sleek, responsive UI using React.
- ❖ Demonstrated tech stack mastery in JavaScript (React), API interactions, and advanced AI technologies, ensuring seamless communication.

Awards and Certificates:

- ★ **JavaScript Specialist Certification:[Link]**
- ★ **Front End Development Libraries :[Link]**
- ★ **TypeScript Essential Training:[Link]**
